

**UNITED STATES COURT OF APPEALS  
FOR THE SECOND CIRCUIT**

**ORDER**

The United States Court of Appeals for the Second Circuit is implementing a second electronic case management system, Appellate Case Management System (ACMS), for the purpose of handing immigration Petitions for Review of decisions from the Board of Immigration Appeals. The system furthers the Judiciary's commitment to develop technology that enhances the public and court users' ability to readily access court dockets and the documents that comprise the dockets. To facilitate the implementation of ACMS in a manner consistent with the Court's current local rules, procedures and practices,

IT IS HEREBY ORDERED that, effective October 1, 2020 and pending further order of the Court, all ACMS filings are subject to the requirements for electronic filing set out in Local Rule 25.1
